Address : 12890 Amiens Ave, [Rosemount, Minnesota, 55068](#)

ABOUT ME

I'm, originally, a web developer however I am now an accessibility (A11Y) consultant based in Minneapolis/Saint Paul. I love the web: HTML, CSS, JS - you name it. My favorite pastime is sipping coffee (fuel) & inspecting code. I've worked with different CMS systems over the years, created templates, designed, and coded sites from scratch. I have a passion for learning, reading, & movies. I'm a father of two great kids and a husband to an awesome wife.

EDUCATION

OCT 2002 - DEC 2006

Bachelor of Science – Web Design

Art Institute International – MN

Learned web design and development. I even worked with Flash when it was a thing.

SEPT 1995 - MAY 1998

Associate in Arts

Normandale Community College – MN

Studied art, design and theatre. I was in three plays and worked on five productions.

SKILLS

HTML5 / CSS3

PHP / Wordpress

JavaScript/jQuery

UX/UI Experience Design

JavaScript Frameworks: React V5

Professional Skills : Responsive designed sites; I dig CSS Grid & Flexbox for most projects; Analytics & SEO. Most recently I've been working with React.

WORK EXPERIENCE

FEBRUARY 2020 - Current

Accessibility Developer Consultant | Minnesota

U.S. Bank, Minneapolis

Work with teams to resolve accessibility issues found within sites/applications. Provide training & additional guidance for enterprise tools. Developed & maintained documentation to build standardization for accessibility. Also educate team members understanding of WCAG checkpoints.

JULY 2019 - FEBRUARY 2020
